HIGHLIGHTS EVENTS

► NORD and Special Olympics Louisiana held its Tri Parish Invitational Tournament at Joe Brown Baseball Field. Open to St. Bernard, Orleans and Jefferson parish community members with intellectual disabilities, the event highlighted Horseshoes and Softball. Special Olympics Louisiana (SOLA) and NORD partnered together for this event to benefit participants by providing the attributes that come with sports involvement and brings a sense of belonging and community to those who volunteer, donate and participate. NORD and SOLA believe that the community serves as a bridge for expansion. The NORD staff strives to enhance Special Olympics programs, offers volunteers, facilities and most importantly their expertise. Together we will continue to witness to people the power of our athletes and focus on their abilities rather than disabilities and therefore opening the minds of the public to accept and embrace all community members.

► NORD's Athletic Division showcased their talented girls volleyball teams in a tournament held at the St. Bernard Center. The citywide volleyball event included 10 teams between the ages of 8 – 15 from Behrman, Cut-Off and St. Bernard Centers. The event was designed to allow the participants to compete against each other, demonstrating the skills learned in the program, and to continue the development of NORD's girls programs. Special thanks goes to Lisa Crinel and LACE Reception Place for the donation of more than one-hundred t-shirts for all participants.

2009 Activities Report
October 19th - October 25th

McCue Playground	The concrete slab has been poured for the new basketball court. The contractor will be working on sodding and maintaining the areas that need to be completed. In addition, we will be working on having the concrete apron replaced as well as some additional saw cutting of the court to prevent cracking in the future.
Bunny Friend	The site was visited on 6-18-09 and accepted by NORD. (acceptance letter in lieu of ROC) with the exception that the bleachers and new backstop fencing would be completed. The backstop and bleachers have been completely installed and NORD has been notified of the site completion. Currently we are awaiting confirmation from NORD about the installations.
St. Roch	The entire trench has been excavated and the new sewer line is in. Within the past month, due to severe weather conditions, the contractor has had to readjust the slope of the line several times from water filling in the trenches. The final adjustments are being performed this week and the contractor plans on having the city inspect the line before filling the trenches. We estimate this to occur within the next day or so with project completion by the end of this week, or next week at the latest, with no interruptions. = = = In addition, the new fence installation documentation has been agreed upon by NORD and the paperwork is currently with FEMA's Contracting department. As soon as all is reviewed and proposals received, we will be able to award and proceed on the actual installations. <i>Site is complete and ROC/turnover signed on 12-1-08.</i>
Hardin	FEMA is still waiting for the water meter connection to be completed by S&WB. NORD has notified them several times and FEMA has notified NORD about the proper specifications for the connection. Once completed, FEMA can move forward with the fountain and water line installation. <i>The site was visited on 6-18-09 and accepted by NORD. (acceptance letter in lieu of ROC)</i>
A.L. Davis	The site was visited on 6-18-09 and accepted by NORD. (acceptance letter in lieu of ROC)
Annunciation	The site was visited on 9-25-09 and accepted by NORD. (acceptance letter in lieu of ROC)
Avenger	The site was visited on 8-6-09 and accepted by NORD. (acceptance letter in lieu of ROC)
